STOP DELIVERING BOOZE

Guthrie, Ok., Dec. 9 .- Enforcement Attorney Caldwell, in the state's answer, in the United States circuit court, to the suits filed by the Santa Fe and the Missouri, Kansas and Texas railroad companies, to enjoin the state's agents from interfering with interstate shipments of liquor, asks that the court grant a counter year. injunction against the railroads to prevent them receiving shipments of intoxicating liquors to persons in Oklahoma who have paid the United States dealer's tax. In order that the companies may be informed, the enforcement department states, it appends to its cross-complaint a list of the Oklahoma people who are shown by the records of the United States revenue collector's office in Leavenworth, Kan., to have taken out licenses. Under Sec. 2 of Art. 3 of the prohibition law the payment of the special fee required of liquor dealers by persons within the state constitutes prima facie evidence of an intent to violate the prohibition

The injunction asked for would also prevent railroad companies from conveying in any manner liquor here in such quantities or under such circumstances as to render it improbable that they are to be intended for the individual consumption of the consignee, or to any one else who intends to violate the law. The crossbill denies that common carriers are compelled to accept interstate shipments of liquor generally without regard to the purpose for which liquors are being brought into the state, holding, further, that if a busi-Washington, Dec. 9.—The crop re- ness is operated in such a manner as to create a nuisance it may be en-

The list of Oklahoma people alleged to have paid the federal tax is an interesting exhibit in the papers. The fist contains the names and business addresses of about 700 individuals and firms in 117 Oklahema towns. Oklahoma City leads all the others, with 164 names to its credit, Shawnee being next with 46, then following Tulsa with 44, Sapulpa 25, Miami 10, McAlester 18, Muskogee 35, Lehigh 11, Krebs 8, Keifer and Enid 9 each, Enfaula 13, Chickasha 15, Coalgate 22, Bartlesville 28, and Ardmore 8. OKLAHOMA CROP BULLETIN.

Falling Off of Cotton Production From Last Year.

Guthrie, Ok., Dec. 9 .- The crop bulof agriculture estimates the Oklahoma cotton crop production, based upon returns made by the township assessors, as 492,272 bales, which is a falling off from last year of 142,619 bales, or 23.7 per cent. The state estimate is also 147,728 bales less than the federal estimate of 640,-000 bales for Oklahoma, announced today. Decrease is assigned to a loss in acreage due to unfavorable weather conditions and numerous flood oc-

The state's returns show that this year there were grown 1,610,453 acres, a loss of 19.7 per cent, whereas the bulletin of June 5 indicated there would be an increase over last year of 3 per cent. The yield per acre last year, the bulletin states, was 165 pounds of lint cotton, while the indicated yield this year is 152 pounds a decrease of 7.9 per cent, thus making the indicated shortage chargeable both to a loss in acreage and a . decrease in the average yield. Up to Dec. 15 the crop picked and ginned . is shown to be 71 per cent, which + estimate the department believes is too high. The average to that date + last year was only 57.1 per cent and for that date for five years was only 58.5 per cent. As the correspondents made reports on Dec. 1, the department accepts the 71 per cent estimate as being of that date instead of Nov. 15. The United States census bureau yesterday reported 432,-000 bales of cotton ginned on Dec. 4 1. The department estimates 4,241,-613 acres in corn this season, 5.6 per cent increase over last year, + while the increase 30.5 per cent, or 4 a total production of 95,230,442 bushels. The United States department of agriculture estimates the corn crop of Oklahoma to be 122,239,000 bushels from 4,928,991 acres.

Assessors report to the department that 1,128,934 acres have been sown

in wheat, which is a reduction of 15 per cent compared with last year. The present growing condition is 87 per cent of the normal crop. The acreage in alfalfa this year is 3 per cent over that of last year.

The crop value in Oklahoma this year, considering corn, wheat, oats, and cotton, is \$93,640,865, an increase of \$13,829,653 compared with the aggregate value of the same crops last

ASKS PAY OF TEACHERS GO ON

E. D. Cameron, state superintendent of public instruction, has issued a circular letter addressed to the school superintendents and school officers of the state, asking them to make the week from Dec. 28 to Jan. Public Institute Week by paying all teachers for their time who attend the meeting at Shawnee. The letter will be of special interest to the teachers of the state. The letter in full follows:

To School Superintendents and School Officers of Oklahoma:

We are anxious to make the next meeting of the State Teachers' Association at Shawnee, Oklahoma, the best one that has ever been held in the state and we want you to cooperate with us in this effort by making the week of December 28, 1908, to January 1, 1909, a Public Institute week by paying all of your teachers who will attend this meetng regular salaries during this week

This week's work will bring your teacher's a greater return and will be worth more than a term's work and is a wrong that should be righted in any one of our best schools be- at once. cause your teachers will have the op-A. Quayle, one of our greatest orators and educators; State Supt. E. C. Bishop of Nebraska, our most successful organizer of agricultural work in the public schools; Mr. O. J. Kern, the leading county superintendent of the land; Prof. Charles Lane, the others of this type.

Now the benefits derived by the teachers from attending this meeting will in the end be given to your schools and the improvement in the work that will result will make the outlay a good investment for the children in your community. Under ordinary circumstances the teacher who attends the association pays letin issued today by the state board twice for the pirvilege, since he not only loses pay for the time lost, but also out of pocket for the expenses

WANTS.

WANTED-Quick, a news boy with DAILY NEWS.

The attendance at the opera house last night was very good notwithstanding the extreme lack of comfort prevailing the night before on account of the unfinished condition of some improvements under construction. It appears that the Ada public recognizes and appreciates the extent of the efforts of Harry Parks to afford a large comfortable house with good shows this season, and refuses to fall out with him on account of the cold breezes pressing in through the unfurnished parts on one or two occasions. Mr. Parks declares that his house will be kept comfortable hereafter under any and all circumstances. Undoubtedly he has a splendid list of attractions booked for the season. The Devil Saturday night will be a corker.

OKLAHOMA CROP BULLETIN,

Falling Of of Cotton Production From Last Year. Guthrie Ok Dec 9 - The crop bul-

tin issued today by the state beard of agriculture estimates the Okla oma cotton crop production based upon returns made by the township issessors as 492 272 bales which is a falling off from last year of 142 619 bales or 23.7 per cent. The state rs also 147 728 bales than the federal estimate of 640-600 bales for Oklahoma announced today Decrease is assigned to a loss in acreage due to unfavorable weather conditions and numerous flood oc-

The states returns show that this ear there were grown 1 610 453 acres a loss of 197 per cent whereas the bulletin of June 5 indicated there would be an increase over last year of 3 per cent The yield per acre last year the bulletin states was 165 pounds of lint ceiton while the indicated yield this year is 152 pounds 👵 a decrease of 79 per cent, thus making the indicated shortage chargeable both to a loss in acreage and a 🛊 decrease in the average yield Up to Dec 15 the crup picked and ginned is shown to be 71 per cent, which 4 estimate the department believes is too high The average to that date last year was only 571 per cent and for that date for five years was only \$5 per cent. As the correspondents made reports on Dec 1, the department accepts the 71 per cent estimate as being of that date instead of Nov 15 The United States census bureau yesterday reported 432-000 bales of cotion ginned on Dec | 1 The department estimates 4 241, 613 acres in coin this season, 56 per cent increase over last year, while the increase 305 per cent, or a total production of 95,230,442 bushels The United States department of agriculture estimates the corn crop

To School Superintendents and School Officers of Oklahoma

We are anxious to make the new meeting of the State Teachers' Association at Shawnee Oklahoma the best one that has ever been held In the state and we want you to co with us in this effort making the week of December 25 1908 to January 1 1909 a Public! Institute week by paying all of your teachers who will aftend this meeting regular silaries during this week

This weeks work will bling your be worth more than a term's work in any one of our best schools be tause your teachers will have the opportunity of getting in touch with the ideas of the leading educators of the state and also with some of the greatest educators and scholars in America, such as Bishop Wilham A Quayle one of our greatest orators and educators State Supt. E Bishop of Nebraska our most suc cessful organizer of agricultural work in the public schools Wr O J Rern the leading county superintendent of the land Prof Charles Lane the best teacher humorist extant others at this type

Now the benefits derived by the teachers from attending this meeting will in the end be given so your schools and the improvement in the work that will result will make the outlay a good investment for the children in your community Under ordinary circumstances the teacher who attends the association pays twice for the pirvilege, since he not only loses pay for the time lost but is also out of pocket for the expenses
